Report

Science Association and Department of Physics of Dr. B. N. Purandare Arts, Smt. S. G. Gupta Commerce and Smt. S. A. Mithaiwala Science college has organized lecture on "Intellectual Property Rights" on 26/08/2019. Professor **Dr. Keh. Moh. Lin** (Dept. of Mechanical Engineering, Southern Taiwan University of Science and Technology, Tainan, **Taiwan**) has delivered the lecture on "Opportunities in Science and Technology in Taiwan". This event was started with the Principal's address by Dr. B. N. Pawar. He has elaborated about opportunities and available facilities in the universities of Taiwan in higher education. All the faculty members and students of the college (more than 60 participants) were present for the lecture.

1. DETAIL REPORT:-

Title:-

“NATIONAL CONFERENCE ON ENVIRONMENT & DEVELOPMENT”

➤ INTRODUCTION –

The Lonavala Education Trust was established in the year 1981 by few enterprising residents of Lonavla with an objective of imparting higher education to the student community in and around Lonavala. Our college is situated amongst the lush green surroundings of nature. The ghat, valleys and numerous lakes around Lonavla are constant rowers of amphora pleasure. This scenic beauty rejuvenates the youth to see the brighter sides of life. Our college is the source of inspiration for the youths in directing and shaping their future. The youth around this place possess enormous potential and capability, to be the pillar of the next generation of this country. The college believes in Tagore's dream of establishing a nation “Where mind is without fear and head is held high” and has been persevering in realizing it since its establishment in 1983. This being the motto of the college, we impart value based education. We do not believe in hammering values in the student but bringing to their own realization of what is good for them and for the society. The college also believes in an overall development of the students and has always encouraged and motivated those students and instilled in them the confidence required in this world with cut throat competition at all levels. Quoting lines of Swami Vivekananda “Education is the process by which, character is formed, strength of mind is increased and intellect is sharpened as a result of which one can stand on his feet.” I would conclude that the college is and would continue making efforts to create responsible, sensible and empowered.

➤ NATIONAL LEVEL CONFERENCE WAS ORGANIZED ON :-

By Dept. of Zoology **Dr. B. N. P. Arts, Smt. S. G. G. Com, & Sci. College, Lonavala**; held on “**National Conference on Environment & Development**” 9th & 10th Dec. 2016. It is well organized by Dr.S.S.Pokale and his team. In the conference with paper presentation, poster presentation and some cultural events are also held. On both days has started with an invite talk by expertise.

➤ OBJECTIVES OF THE PROGRAMME-

Environment influences and shape's our life. From the environment we get food to eat, water to drink, air to breathe and all basic necessities of day to day life. The basic concepts of environmental studies are interesting and important not only to the scientists engaged in various fields of science and technology but also to the personnel involved in resource planning and material management. It is now universally realized that any future developmental activities have to be viewed in the light of its ultimate environmental

impact. The tremendous increase in

Industrial activities during the last few decades and the release of obnoxious industrial wastes in the environment, have been of considerable concern in recent years from the point of view of the environmental pollution. Environmental pollution, Deforestation, Global warming and their impact on ecosystem are threatening the life on the earth.

Beside this some other environmental problems like, solid waste management, mining impact, impacts of hydro-electric projects nuclear hazards and effects of industrial influences etc. Need to be addressed in mediator because their effects are very dangerous. Therefore, environmental aspect should be in mind while planning for industries, township and other research institutions / health centers. Modern technologies should be developed to reduce the pollution at every step. Modern technologies for effluent treatment should be used. Environmental study is very important for getting clean drinking water, hygienic living conditions, clean and fresh air, fertile land, healthy food nutritive food etc.

We invite all the interested academicians, subject experts, researchers and policy makers in the field of Science's, Botany, Zoology, Chemistry, Physics, Microbiology, Bio-chemistry, Biotechnology, Agriculture, Forest, Environment Sciences, Engineering, Pharmacy, Medicine, Geography, Geology and Social Sciences, Commerce, Management Economics, Psychology etc. NGOs, (UG & PG) students and general public and contribute their research paper for oral / poster presentation in the National Conference on 'Environment and Development.

Dear Colleagues

We are glad to invite you to the National Conference on "Animal Dissection - Need and Alternatives" to be held on 3rd and 4th February 2017 (Friday & Saturday) organized by Lonavla Education Trust's Dr. B.N. Parandave Arts, Smt. S.G.Gupta Commerce & Science College, Lonavla. We welcome you and your colleagues to participate in the conference with your research papers for oral and poster presentations.

About The College

The Lonavla Education Trust was established in the year 1981 by few emigrating residents of Lonavla with an objective of imparting higher education to the student community in and around Lonavla. Our college is situated amongst the lush green surroundings of nature. The great valleys and numerous lakes around Lonavla are constant reminders of unspoiled pleasures. This scenic beauty rejuvenates the youth to see the brighter sides of life. Our college is the source of inspiration to the youths in dreaming and shaping their future. The youth around this place possess enormous potential and capability to be the pillar of the next generation of this country. The college believes in Eugene's dream of establishing a nation "Where mind is without fear and head is held high" and has been persevering in realizing it since its establishment in 1983. This being the motto of the college, we impart value based education. We do not believe in humiliating values in the student but bring to their own realization of what is good for them and for the society. The college also believes in an overall development of the students and has always encouraged and motivated the students and resulted in their confidence imposed in this world with our fierce competition in all levels. Quoting lines of Swami Vivekananda, "Education is the process by which character is formed, strength of mind is increased and intellect is sharpened as a result of which one can stand on his feet." I would conclude that the college would continue making efforts to create a responsible, sensible and empowered citizen.

ABOUT THE CONFERENCE

Animal Dissection - Need and Alternatives

Dissection remains by the students of Zoology and other newly emerged branches of Life Sciences such as Toxicology, Bioprocess, Molecular Biology etc. to study animal anatomy in a 90 years old practice. Every year more than 25 million undergraduate and postgraduate students and up dissection approximately 18 million animals every academic year and the counting is expected to rise substantially in the coming years due to an increase in the numbers of educational institutions. The U.S. has been directed by the governments, has called them to abstain from dissections and experimentation

in Zoology and Life Sciences in phoned manner. This move has come to effect after numerous appeals from PETA, India and Minister Maneka Gandhi to state governments and central committees with the guidelines issued by Ministry of Environment and Forests. The U.S.G. has tried to replace dissections with teaching using digital alternatives and models. This step has been taken to prevent dissection of necessary and maintain ecological balance. Some educationists fear animal dissection gives leads on experience to students. Here, it is argued that dissection is not a sin or punishment for other alternatives to dissections. The national conference on Animal Dissection - Need and Alternatives is aimed at discussing the various aspects of dissection in zoology laboratory, its impact on biodiversity, various alternatives needed to replace dissection and to what extent are the alternatives across the country prepared to substitute animal dissection in teaching.

The major thematic areas of deliberations and discussions of the national conference are:-

- * Animal Dissection in Science Education
- * Animal Dissection - rationale and alternatives
- * The Educators and Students - Attitude towards dissection and alternatives
- * Animal Dissection - Debate
- * Live Animal Study through observations
- * Animal Dissection - Ethical reasons.

All the interested academicians, subject experts, researchers and policy makers in the field of Zoology and branches of Life Sciences such as Biochemistry, Bioprocess, Molecular Biology and students (UG & PG) are invited to give their valuable contributions in the National Conference theme.

Report on,
**Two days National Conference on
“Goods and Service Tax”**

Lonavala education trust, Dr. B. N. Purandare Arts, Smt. S. G. Gupta Commerce and Smt. S. A. Mithaiwala Science college, Lonavala, Department of commerce organized a Two-day National Conference on, “Goods and Service Tax”, on 19/01/2018 and 20/01/2018. This conference was sponsored by Research Cell, Savitribai Phule Pune University, Pune. GST was introduced in India with an objective to bring uniformity in the tax system, transparency in Trade, inclusiveness, creating employment and increasing national income of the country. This tax system is very simple as it is ‘One nation One Tax’ system. Though the system is very good, but there is a lot of confusion and lack of awareness about the implementation and working of the same. Hence, to create awareness of the new tax system among the students, this conference was organized in college. About 80 students were present for the conference.

The Chief Guest for the inaugural function was Pro-Vice-Chancellor of Savitribai Phule Pune University Dr N. S. Umarani and the Guest of Honour was the Director of ASM Management Institute, Pune Dr. S.J. Bokefode. The Chairman of Lonavala Education trust Mr. R. S. Nayyar, and Secretary Mr. Datta Palekar were present for the inaugural session. Comparing for the inaugural session was done by Prof. S. B. Apate and Prof. Sanjau Salunkhe. The conference was coordinated by Dr.L.G. Ingawale. The secretary of the conference was HOD of Commerce department and Vice-principal Dr. J. O. Bachhav. The conference was divided into three technical sessions each day. The resource persons for these technical sessions were namely, Prof. K. Dhanalaxmi, Dr. V. S. Kulkarni, Dr. Kishor Nikam, CA. Nikhil Jain, CA. Vinod Toshniwal and Mr. Prakash Humbad. Prof. H.M.Jare also shared his views with the students. Nearly 250 participants were present for the conference from various locations including students of the college and staff. The comparing for the technical sessions was done by Dr. Dhanashree Padhye and Prof. Karam Gogawale. The other faculties from the department of commerce including Dr. N. B. Chaudhari and Prof. Shweta Mehta also strived for the conference to succeed. The participants were benefited from the conference as valuable and useful information about GST was given in the conference.

लोणावळा : वार्ताहर

येथील डॉ. बी. एन. पुरंदरे कला आणि श्रीमती एस. जी. गुप्ता वाणिज्य व विज्ञान महाविद्यालय (लोणावळा महाविद्यालय) येथे रसायन शास्त्र या विषयावर आयोजित करण्यात आलेल्या दोन दिवसीय राज्यस्तरीय चर्चासत्राचे उद्घाटन भारतीय विद्यापीठाचे कुलगुरू डॉ. एम. एम. साळुंके यांच्या हस्ते करण्यात आले.

'रिसेंट अँडव्हान्स इन केमिस्ट्री' या विषयावर आयोजित करण्यात आलेल्या या चर्चासत्रात उपस्थितांना मार्गदर्शन करताना डॉ. साळुंके यांनी सध्याची संस्कृती आणि रसायन शास्त्रातील नवीन शोध यांच्यात समन्वय ठेवणे आवश्यक असल्याचे मत व्यक्त करीत एका विषयातील शोधाकडून अनेक विषयांच्या एकत्रित शोधावर भर देण्याची गरज असल्याचे प्रतिपादन केले. यावेळी लोणावळा एज्युकेशन ट्रस्टचे

चर्चासत्रातील उपस्थित मान्यवर.

सचिव दत्तात्रय पाळेकर, लोणावळा महाविद्यालयाचे प्राचार्य डॉ. बी. एन. पवार, ज्येष्ठ संशोधक डॉ. संदीप शिंदे, उपप्राचार्य जे. ओ. बच्छाव, व्ही. ए. पाटील यांच्यासह प्राध्यापक वर्ग तसेच विद्यार्थी मंडळा संख्येने उपस्थित होते.

नव्याने हातान घेतल्या जाणाऱ्या शोधमोहिमांमध्ये तंत्रज्ञान, पायाभूत सुविधा, मानवी नवविचार यांचा विचार करणे गरजेचे असल्याचे

सांगत रसायन शास्त्रातील नवीन शोध हे गणित, जीवशास्त्र, भौतिक शास्त्र, संगणक यांच्या सोबत होणे गरजेचे असल्याचे मत डॉ. एम. एम. साळुंके यांनी यावेळी व्यक्त केले. या कार्यक्रमाचे अध्यक्षस्थान सचिव दत्तात्रय पाळेकर यांनी भूषविले. प्राचार्य डॉ. बी. एन. पवार यांनी सदर परिषदेची मुख्य कल्पना मांडली, तर प्रास्ताविक डॉ. संदीप सोनटके यांनी केले.
