I like the faculties and I feel I have the best environment for my studies. I am learning many new things from my teachers that are very helpful in every way they could. The teacher-student

interaction is great. The teachers are very friendly because of which I could clarify many of my doubts.

Teaching and learning experiences is already improve as compared to old teaching experience
Improvement about placement / job fairs must be taken seriously

Micro teaching can be added so that students can prepare more about specific topics

Nice collage campas

Some extra lecture should conduct out of the syllabus for general knowledge.
