

7.1.8

The college is dedicated to fostering an inclusive environment by promoting diversity in admissions, encouraging cultural awareness, and providing support services for various needs. It aims to create a welcoming atmosphere for all students by developing policies that prevent discrimination and ensure that the facilities are accessible to everyone.

The institution actively observes national and international days, festivals, and significant events to promote inclusivity and cultural awareness. Special programs, workshops, and celebrations are organized for occasions such as Independence Day, Science Day, Navratri, Teachers' Day, and more.

Each year, the college hosts an Annual Social Gathering, where students showcase their talents through various art forms like singing, dancing, skits, and mimicry. Additionally, students organize themed days like Traditional Day as part of the Youth Festival. On the college's Foundation Day, celebrated on August 17th, the Cultural Committee arranges a Talent Hunt Program to highlight students' hidden talents.

The college also hosts the Warkaris-Pilgrims for a one-day halt on their journey to Pandharpur, adding to the rich cultural diversity of the campus. These events are designed to bring the campus community together through a variety of activities, performances, and discussions that promote unity, inclusiveness, and mutual understanding.
